AHMAD MANSEE

Lead product designer

Hello! I'm Ahmad Mansee, a product designer, VUI designer, and UI/UX mentor currently located in Berlin, with roots in Amman, Jordan. My passion lies in creating digital products that meet human needs while elevating aesthetics.

WORK EXPERIENCE

Lead product designer

Nov 2020 - Apr 2024

DeliveryHero | Berlin

- Provide creative direction, mentor junior designers, and lead design critiques.
- Manage design projects, collaborate with cross-functional teams, and ensure timely delivery.
- Conduct user research and create intuitive, user-centric interfaces.
- Contribute to product design strategies, generate innovative concepts, and align them with business objectives.
- Develop interactive prototypes, iterate based on feedback, and refine user experiences.
- Collaborate closely with developers, providing precise design specifications for accurate implementation.
- Present design concepts, gather feedback, and ensure alignment with project goals.

UI/UX Mentor (Freelancer)

Apr 2020 - Mar 2023

Career Foundry | Berlin

- Evaluate student work and provide comprehensive feedback.
- Conduct 15-minute video reviews of student portfolio submissions on the platform.
- Offer personalized guidance through regular video calls.

Senior product designer

Jun 2019 - Nov 2020

FlixBus | Berlin

- Collaborated with engineers, product managers, and stakeholders within the "search" team.
- Aligned closely with the product manager and engineering manager to craft quarterly roadmaps integrating user insights.
- Executed end-to-end feature design, encompassing discovery, prototyping, research, and handover.
- Enhanced user experience coherence through collaborative design efforts and knowledge-sharing among peers.

Senior product designer

Aug 2015 - Jun 2019

Home24 | Berlin

- Played a pivotal role within a small design team, offering support across various cross-functional teams.
- Conceptualized and designed product features.
- Streamlined workflows and processes.
- Established the Home24 design system to maintain design consistency.

Freelance UI/UX designer

Nov 2014 - Feb 2015

Sumup

- Enhanced and developed the Sumup career page.
- Crafted a responsive mobile-first interface.
- Developed CSS and HTML code.
